

Remarks

Applicant and the undersigned would like to thank the Examiner for the courtesies extended during the telephone interview of February 28, 2006, in the application identified above. The amendment to claim 14 discussed in that interview is presented herewith. The error on page 8 of the specification has been corrected by this amendment.

The drawings have been objected to because of the omission of reference numeral 211 in FIG. 2A. A replacement sheet of drawings accompanies this response to correct this deficiency.

All issues of patentability hereby being addressed, Applicant asserts that all pending claims are in a condition for allowance, and indication of this requested in the ensuing office action. Applicants invite the Examiner to call the undersigned if clarification is needed on any aspect of this response after entrance and consideration of the remarks presented herein.

Respectfully submitted,
